

PODIUM LIFT P/N 900830

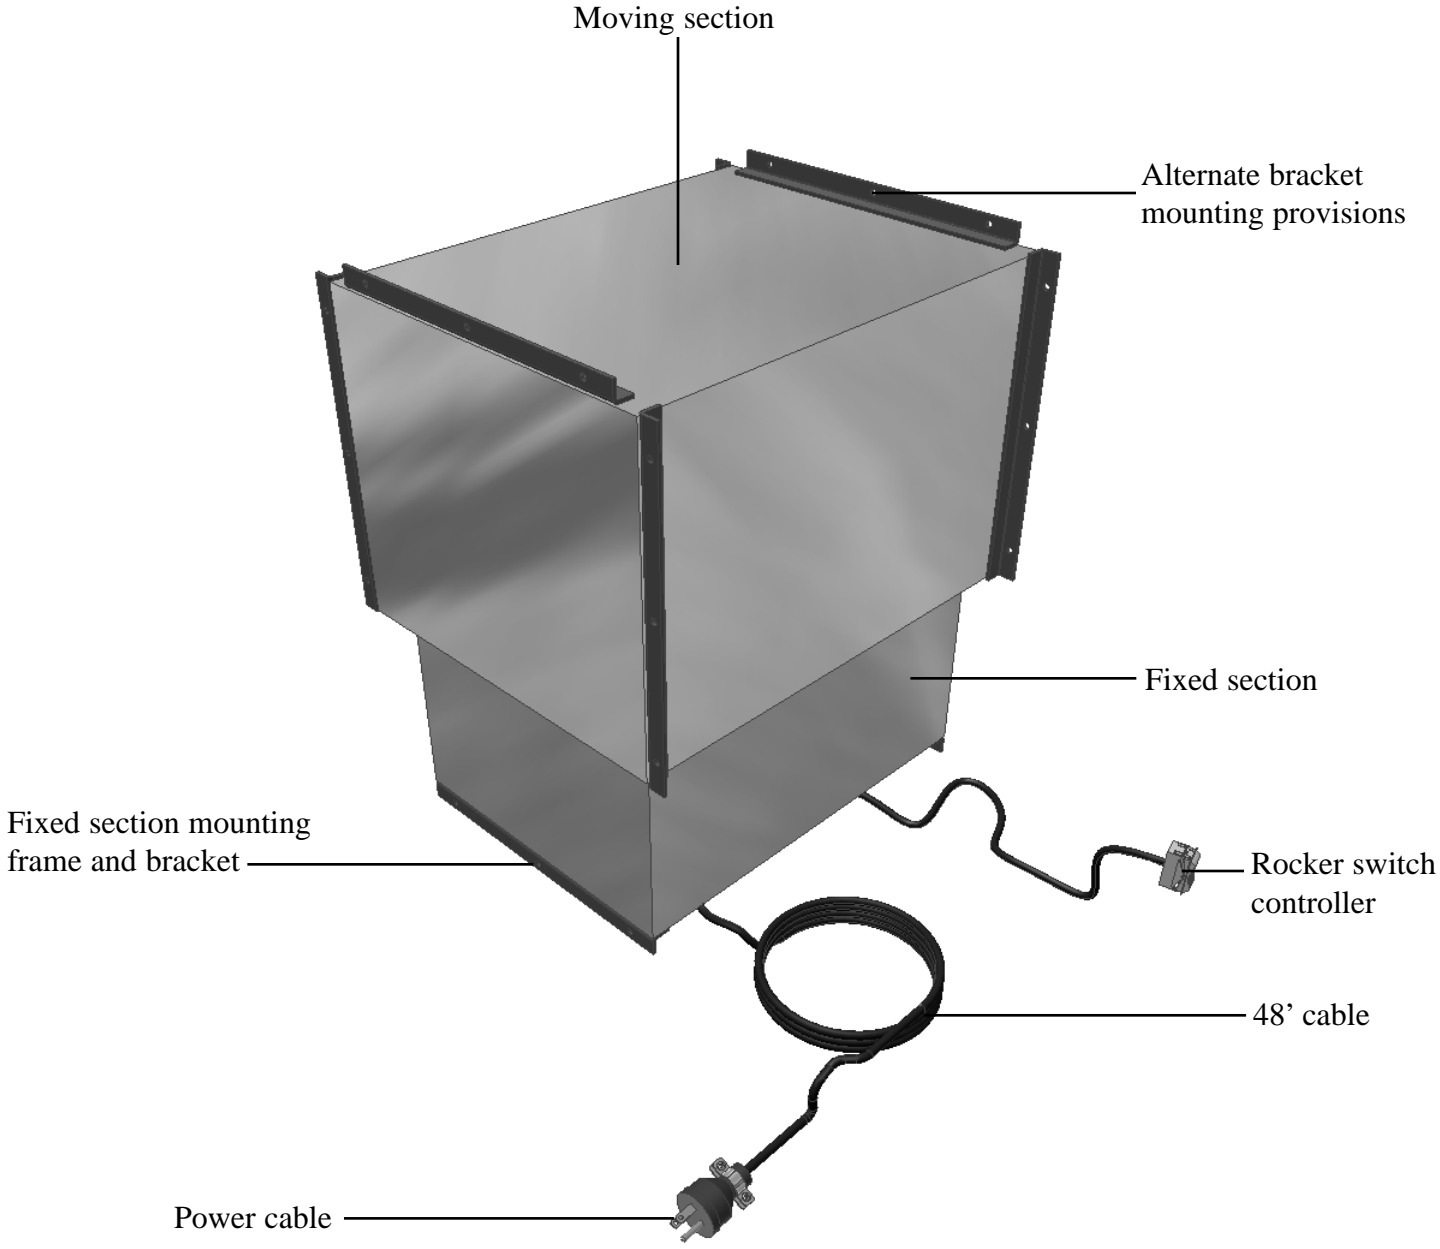

1632-1/2 West 134th Street, Gardena, California 90249
(310) 808-0001 Fax (310) 808-9092 www.inca-tvlifts.com

The INCA Podium Lift is specifically designed for the podium -manufacturing sector of the furniture industry. This completely self-contained machine silently raises the podium up to 11" or any height you may require within that limit. The machine is finished in semi-gloss black epoxy, and is ready to install. Unit has a lifting capacity of up to 75 lbs. and is supplied with a rocker switch control on 4' of cable. Standard units come 18" OAW x 10" OAD (moving section), however, custom dimension units are readily available. Mounting this system is made easy with multiple mounting brackets that are moveable. Lightweight yet strong, this unit can be shipped by UPS.
